

Director of Nursing (DON)

At *[facility name]* we pride ourselves on professionalism and quality. Our patients are at the core of our mission to provide our community with the best care delivered by a compassionate and highly competent healthcare team. Our patients consistently give us the highest ratings and, as a [Magnet nursing facility](#), we're dedicated to the success of our team. That's where you come in.

We're looking for a leader to take us to even higher levels of care. As a director of nursing at our facility, you would be helping to manage a hard-working team dedicated to the highest standards of care. Because we have such a collaborative, cross-functional team, we're able to offer flexible schedules, remote opportunities, and generous PTO options. If you'd like to learn more about what we offer, take a look at more of our benefits below.

Benefits

- Affordable medical, dental, and vision insurance
- Health Savings Account (HSA) and Flexible Spending Account (FSA) options
- Employee Assistance Program (EAP) support
- 10 paid holidays
- Generous PTO
- 401k matching
- Continuing education (CE) benefits
- Tuition reimbursement for approved programs

Duties and Responsibilities

Our facility's Director of Nursing is expected to perform the following duties:

- Ensure the delivery of nursing care to residents according to professional standards
- Manage facility compliance with corporate, regulatory, and accreditation requirements
- Develop and implement facility policies, procedures, and standards of care
- Assign adequate and appropriate staffing for all shifts within state guidelines
- Lead and provide direction to staff in performing their duties
- Hire, supervise, and review the performance of nurse managers, nurses, and support staff, and provide remediation when needed
- Manage facility operations, business planning, and productivity standards
- Meet fiscal responsibilities through budget planning, implementation, and monitoring
- Oversee inventory, order processing, and distribution of nursing and medical supplies

- Serve as a liaison between administration, multidisciplinary healthcare staff, residents, and families, and resolving conflicts as needed

Compensation and Schedule

- Director of nursing pay range: [\\$104,000 – \\$160,000](#)
- Key Performance Indicator (KPI) bonus opportunities
- Bi-weekly or weekly pay periods
- Monday through Friday day shift (9a-5p)
- Mandatory on-call during non-business hours

Qualifications and Skills

Required Qualifications:

- Active and unrestricted RN License
- Bachelor of Nursing from an accredited school (Master of Nursing preferred)
- Minimum 2 years of experience as a nurse supervisor or manager
- Working knowledge of government regulations and healthcare best practices
- Basic budgeting and financial management skills

Preferred Qualifications:

- Current American Heart Association (AHA) CPR certification
- 3 to 5 years of nursing experience in long-term or post-acute care
- Excellent communication, organization, and leadership skills
