

Nurse Recommendation Letter Template

To Whom It May Concern,

My name is [your name], and I am writing this letter of recommendation on behalf of Joshua Gonzales, whom I have worked with for the last seven years. I have had the privilege of supervising Joshua at *[facility name]*, where we work as clinical nurses in the cardiac intensive care unit. Joshua has demonstrated a passion for patient care, and his incredible work ethic makes him an ideal employee for any organization.

From his first day on the job, Joshua's shown a willingness to learn and grow as part of our professional team. He came with over 10 years of clinical experience working in a variety of acute care settings. Still, he constantly looks for ways to improve patient care, and earned his CCRN certification as soon as he was qualified. Joshua is always on time and goes above and beyond to help our team perform at its best.

Joshua often volunteers to mentor new-graduate nurses, and received our facility-wide leadership award for his development of a standardized orientation handbook for cardiac nurses. When our unit needs a nurse to present a conference poster, collaborate with device representatives, or educate patient groups, he is always there to lend a hand.

Team members describe Joshua as *driven, collaborative, and creative* as he constantly strives to develop evidence-based strategies through unit research. He always brings a positive attitude to work and finds every opportunity to optimize patient and staff wellness.

Joshua's name is frequently mentioned in [positive patient surveys](#), and he has been nominated for three Daisy Awards for his *compassion, innovation, and selflessness*. He helped our team win its first Beacon Award by providing aromatherapy and massage treatments as part of a quality improvement project to enhance the patient experience.

Joshua Gonzales would make an incredible addition to your nursing team. His clinical expertise and impeccable attitude make working with him enjoyable and productive. It is with great honor that I recommend him for the cardiac intensive care nurse position at your organization.

Feel free to reach out with any additional questions. I would be happy to further discuss Joshua's clinical abilities and his team-oriented approach. I look forward to hearing from you.

Best regards,
