

Memory Care Nurse

[Facility name] is seeking a skilled memory care nurse (LPN or RN) to join our dedicated team of professionals. Proudly holding gold-level distinction, we pride ourselves on delivering exceptional care to all of our nursing home residents. Safety and quality are a priority for us — and every team member plays a valuable role in helping our residents get the care they need.

Beyond our commitment to delivering high quality services, we also ensure that our staff are well taken care of. When you join our team, you'll be fully supported by our competitive benefits package and training opportunities. Learn more about all the great perks of working at our facility below!

Benefits

- 401(k) matching
- Health, dental, and vision insurance
- 24 days PTO, in addition to sick days
- 2.5x holiday pay rate and weekend shift differentials
- Tuition reimbursement of up to \$3,000 annually
- Clinical career ladder program

Duties and Responsibilities

- Collaborate with the nursing and medical team to develop dementia care plans for residents, with particular focus on supporting structured ADLs
- Administer care plans and treatments in accordance with accepted standards of practice and policies
- Perform routine charting and documentation in accordance with established laws
- Observe, monitor, and record assigned residents' conditions, reporting any changes to the physician in a timely manner
- Assist in the admission, transfer, and discharge process as directed by the RN
- Facilitate and participate in all memory care programs and activities
- Ensure that nursing assistants and supportive personnel are fulfilling their daily responsibilities

Compensation and Schedule

- Annual salary: \$72,000 – \$90,000, with final offer determined by licensure, experience, and qualifications
- Hours: Full-time, night shifts (7p – 7a) with rotating weekends
- Location: *[insert city, state]*

Skills and Qualifications

- ADN or BSN from an accredited school of nursing required
- Active LPN or RN license in *[insert state]* required
- Current CPR and First Aid certification required
- Strong interpersonal and communication skills required
- At least 1 year of experience in assisted living or senior care preferred
